#### A Mistake.

The impression appears to prevail among many Democrats that we have no Job Office connected with the SEN-TINEL office. This is a mistake. There is no office in the city that is so well prepared to do all kinds of BOOK AND JOB PRINTING as we are (except large bill posters), and we will feel under obligations to all Democrats, not only in the city, but in the State, for any work they can send to our office. We have no public patronage to depend on to aid the paper-we ask the party to aid us with and on as good terms, as any other office.

#### Valuable Documents.

We have for sale the following valuable documents, and ask Democrats in every County and Township in Indiana to club together and send for them, for distribution: Voorhees's Speeches.

The speeches of Hon, D. W. VOORREES upon the financial policy and frauds of the Administration party, and his vindication of his statements in that speech in reply to the comments of Mr. Dawks, of Massachusetts. These speeches show, from Republican record, the expenditures of the Administration; the amount of the public judebtedness, and the gross frauds by which that debt has been increased. Published in one pamphlet of sixteen pages, and will be furnished at \$1 per hundred, and \$10 per

METROPOLITAN HALL .- The fine play of Green ushes called out a good house last night for Miss Fisher's benefit. The beautiful beneficiary fully met the expectation of her friends in her personations. Miss Rosal danced a Spanish dance with exceeding grace. To-night the play are Captain Charlotte and Jack Sheppard, and Miss Fisher's last appearance.

The animals are supposed to have been stolen. In the rear of the stable is a large window through which it is supposed the thieves made their entrance. There are evident indications that at least one horse was pa-sed through this window All the horses missing were from the back part of the stable. With two of the horses the halters are missing. The halter of the third horse was left in the stall. All these things go to show that, the horses did not break ose but were stolen.

WASHINGTON, June 12 .- No further particulars of Gen. Shields's engagement have been re ceived at the War Department.

Advices from Gen. McClellan's headquarters this evening state that a reconnoissance made this morning as far as Meadow Bridge found the enemy quiet, but in force. Some skirmishing had taken place during the day, but with little result on either side.

The weather is good and the roads improving. The Circuit Court to day in the matter of John and William Jackson, claimed as fugitives by Dennis Duval, of Maryland, reiterated its former decision in refusing to admit testimony as to the loyalty of the claimant, but claimed the admission of testimony as to whether the slaves had been actually engaged in aiding the rebellion. The fugitives were returned to the claimant, The council for the slaves claimed that the court should return the fugitives only at the requisi tion of the Governor of Maryland, but the court

decided against the point. Adjutant General Thomas is transacting business as usual to-day at the War Department. This is sufficient reply to the statement that he had been suspended from office. It is not known to his most intimate friends that a court of in quiry, as reported at a distance, is engaged in

investigating any of his official transaction. The Richmond Examiner of the 9th inst. de votes its editorial columns to deploring such a fact that there is found no individual desperate and weary of living by the wretchedness this invasion has brought on him as to substitute what would be an ignominious suicide for a glorious martyrdom. This is intended doubtless as an incentive to the assassination of the United States officers who have taken possession of the rebel

The few Union citizens of the place complain bitterly that the protection given to rebel prop erty is denied to them, and that avowed rebels are treated with so much tenderness as to make the lot of the poor Unionists peculiarly hard. When Gen. Doubleday went out, he took for his headquarters the house of a notorious rebel wire had three sons in the rebel army, but Gen. Mc-Dowel instantly ordered Gen. Doubleday out, and

placed a guard to protect the house. The following dispatch has just been transmit ted to Secretary Stanton, also a copy to General Casey, dated "Headquarters Army of the Potomac, June 5, 11 P. M.":

To Hon. E. M. Stanton, Secretary of War: My dispatch of the 1st inst., stating that Gen. Casey's division, which was in the line, gave way unaccountably and discreditably, was based upon official statements made to me before I arrived upon the field of battle, and while I was there by several commanders. From statements made to me subsequently by Gen. Casey and Nagles, I am induced to believe that a portion of that division behaved well and made a most gallant stand against superior numbers, but at present the facts are too conflicting to enable me to discriminate with certainty. When the facts are

clearly ascertained, exceptional good conduct will be properly acknowledged. [Signed] GEORGE B. McCLELLAN. Major General Com. General Burnside was vesterday tendered a

Her name was not known. The inhabitants of Queenstown state that two other vessels sailed the previous week for Nassau Mr. Currier states that while in England there was a general feeling in favor of the South, and in Ireland it is exactly the reverse, all classes being ardently in favor of the triumph of the Gov-
